

# Omar Salama Abdallah

## Front-End Developer (React.js / Next.js)

✉ o.salama.abdallah@gmail.com ☎ 01115082779 📍 Cairo, Egypt 🔄 🌐 Military: Postponed

### PROFILE

Front-End Developer specialized in **React.js** and **Next.js** with strong experience in building scalable, multilingual, and SEO-optimized applications. Skilled in Server Actions, **SSR/SSG/ISR**, authentication systems, API integrations, and responsive UI development. Passionate about clean architecture, performance, and delivering production-ready user experiences.

### SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Tailwind CSS

Core Concepts: Server Actions, SSR/SSG/ISR, Routing, Context API, Component Architecture, Responsive Design

Tools & APIs: REST APIs, Axios, Fetch, Clerk Auth, Strapi CMS, Intl (i18n), Git & GitHub

Other: SEO Optimization, Performance Optimization, Clean Architecture, Reusable Components

### EXPERIENCE

#### Freelance Front-End Developer ✉

10/2025 – present

- Built full-featured applications using React.js & Next.js with clean, production-ready architecture.
- Implemented secure authentication flows using Clerk and custom API routes.
- Developed dashboards with dynamic CRUD operations, comments systems, chat features, and user-specific data.
- Created multilingual (EN/AR) UI using Intl and API-based auto-translation.
- Integrated REST APIs and Strapi CMS to build dynamic content-driven platforms.
- Built responsive, optimized, and clean UI components following best practices.

### PROJECTS

#### EduPro LMS — Next.js | Server Actions | REST API | Clerk | Intl (i18n) | Tailwind ✉

- 15+ pages, 32 components, and 4 custom API routes.
- Admin Dashboard with Add/Edit/Delete courses + bilingual auto-generated content (EN → AR).
- Multi-language system with Intl and synchronized routing.
- Course-based comments system with API persistence.
- Global chat system (non-realtime) stored through API.
- User Enrollment system with personalized course library.
- Fully responsive, high-performance UI with clean architecture.

#### FastFood Ordering Platform — Next.js | Strapi | REST API | Clerk | Tailwind ✉

- Authentication with user-specific dashboards.
- Full CRUD product management using Strapi CMS APIs.
- Dynamic product rendering and private routes per user.
- SEO optimization using Next.js metadata and clean routing.

#### E-commerce Platform — JavaScript | Bootstrap | REST API ✉

- Dynamic product rendering with category filtering & search.
- Cart & Wishlist with localStorage persistence.
- Fully responsive UI.

#### Hospital Directory — JavaScript | Tailwind ✉

- Searchable directory for doctors & departments.
- Responsive and clean UI with smooth navigation.

### EDUCATION

#### B.Sc. in Information Systems (In Progress),

Higher Institute for Computer Science & Information Systems (EGI) — Expected 2026 ✉

### COURSES

Front-End React.js Developer — AMIT Learning (165 Hours)

The Complete Full-Stack Web Development Bootcamp — Udemy (65 Hours)
